\* It is expected that delivery of the bonds will be made against payment therefor on or about July 1, 2026, which will be the seventh business day (T+7) following the date hereof. Under Rule 15c6-1 under the Securities Exchange Act of 1934, trades in the secondary market generally are required to settle in one business day, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade the bonds on any date prior to the first business day before delivery of the bonds will be required, by virtue of the fact that the bonds initially will settle in T+7, to specify alternative settlement arrangements to prevent a failed settlement and should consult their own advisors.
